DELTA DENTAL

We have been asked regularly if we are still accepting Delta Dental insurance. The answer is YES! If you have Delta Dental and are needing a provider in your network, please give us a call!

Fort - 920-563-2928
 Jefferson - 920-897-6080

WE ACCEPT MOST DENTAL INSURANCE INCLUDING DELTA DENTAL!

As we are entering into the 2024 year, we are having many community members call us and inquire if we are accepting Delta Dental Insurance

Please call our office with any questions but always ensure to check with your dental insurance for your In-Network Dental providers in your area!

Pre-Medication

Have you been asked about Joint Replacements or Heart Conditions?

We all have bacteria in our mouths, and a number of dental treatments, even daily routines like chewing, brushing and flossing can allow bacteria into our bloodstreams. For most, this isn't any need for concern, for some this is a concern for causing an infection elsewhere in the body. Our first priority is the health and safety of our patients.

Those who might benefit from Antibiotic Prophylaxis

- Artificial Heart Valves
- History of infections in lining of the heart
- Heart Transplant Patients
- Various Heart Conditions
- Artificial Joint Replacements (Knee, Hip, etc)

DOES THIS APPLY TO YOU?

Ensuring patient safety is our number one priority and that includes making sure if you would need an antibiotic prior to dental treatment due to a number of different reasons. Check out our information to the left!
